2026 Bergen County History Grant Program

PURPOSE

The Bergen County Division of Cultural and Historic Affairs (DCHA) created this annual history grant program to support and promote Bergen County history programs, projects, and local history-based non-profit organizations. The DCHA established this competitive program, with funds re-granted from the New Jersey Historical Commission, to strengthen local history organizations, to inspire projects that will preserve and contribute to the local historic record and to increase the public's awareness and participation in local history programming.

The Bergen County Division of Cultural & Historic Affair's Mission is to nurture Arts, History and Historic Preservation throughout Bergen County. The DCHA promotes heritage and cultural tourism for all county assets to enrich quality of life and stimulate the economy, provide educational, marketing, and financial support for the County's many cultural and historic resources, create new opportunities for economic growth and participation through all our citizens' lives, and preserve and interpret nine historic sites entrusted to the DCHA's care.

The Bergen County History Grant Program was created by the Division to:

- Support the fiscal stability and growth of Bergen County's history and preservation non-profit organizations, programs and projects.
- Improve the quality and visibility of, access to, and participation in history organizations and activities in Bergen County.
- Directly serve the local community by increasing the Bergen County historical record, and preserving and making it available to a broad audience.
- Develop heritage tourism as an element of a county-wide plan to strengthen Bergen County's cultural identity and economy.
- Engage residents of all ages, diversity, ethnicity, and physical capability in learning
 opportunities centered on Bergen County's history. Recognizing that persons with
 disabilities are eager to participate in cultural activities, the DCHA works to
 accommodate their needs and remove barriers to participation by seeking appropriate
 and reasonable ways to assure that programs are accessible, as well as those offered by
 its re-grantee organizations.
- Enhance Bergen County's quality of life and stimulate its economy by encouraging the preservation and high-quality stewardship of Bergen County's historic sites and districts.

GOALS OF THE PROGRAM:

• **Diversity:** Organizations and projects that describe, explain or increase our knowledge of Bergen County's ethnic or racial diversity and history, and develop new, more diverse audiences.

- Heritage Tourism: Organizations and projects that raise awareness of Bergen County history and develop program content and increase visitation to historic museums and sites.
- History Education Programming: Organizations and projects that create educational curricula and programs on local history that support the NJ Core Curriculum Content Standards. http://www.state.nj.us/education/cccs/
